CAREER OBJECTIVE

Motivated Computer Applications postgraduate looking to begin my career in a growth-focused organization. I seek to apply my technical skills, academic knowledge, and project experience to meaningful work while developing professionally.

EDUCATION

MASTERS OF COMPUTER APPLICATIONS (MCA), BV RAJU COLLEGE 2023 – 2025
CGPA - 7.9 , Percentage - 76 %

BACHELOR OF SCIENCE – BSc (MPCS) , SRI Y N COLLEGE 2020 - 2023
CGPA - 9.3 , Percentage - 88 %

PROJECT EXPERIENCE

Complaint Management System

- Developed a centralized web platform to capture, process, and resolve customer complaints across multiple product categories.
- Implemented dynamic routing logic to assign cases to appropriate product teams and track resolution progress.
- Built integrated internal messaging features enabling support agents to manage queries and keep users updated.
- Improved client satisfaction through systematic resolution workflows and transparent status tracking.

Project on A Secure and Dynamic Multi-Keyword Ranked Search Scheme Over Encrypted Cloud Data

- Designed a secure multi-keyword ranked search system for encrypted cloud storage supporting high-speed, privacy-preserving data retrieval.
- Utilized vector space and TF-IDF models to generate accurate indexes for encrypted query processing.
- Implemented a flexible tree-based indexing system supporting dynamic updates with sublinear retrieval time.
- Integrated secure KNN encryption to protect index and query vectors while maintaining precise relevance scoring.

INTERNSHIP EXPERIENCE

Internship – V-Cube Software Solutions

Mar 2024 – Apr 2024

Hands-on, short-term training in full-stack web development.

- Designed and developed responsive web applications using HTML, CSS, and JavaScript with strong cross-browser compatibility.
- Built backend services in Java to support dynamic features and improve scalability.
- Designed and maintained relational databases using SQL, optimized queries for faster retrieval, and ensured data integrity.

TECHNICAL SKILLS

Programming languages : Java , Python , JavaScript , SQL.
Web Framework : Django.
Database : MySQL , MongoDB.
Markup & Styling languages : HTML , CSS.
Networking : Networking Protocols.
